

ENCHANTED GARDEN

How dreamy would it be to say "I Do" on a Virginia mountain top surrounded by your closest family and friends? Um, heck yeah! This is the idea Stunning Soirees had when they designed this romantic Enchanted Garden Styled Shoot at Goodstone Inn in Middleburg, Virginia.

The large wooden trussle full of gorgeous blooms was the main focal point of this elegant tablescape. From the vintage handmade dinner plates to the gold flatware, and hand torn menu cards, every dainty detail was well thought out. ♥
